

# Cat Canned Food Drive Project Reflection

Overview of skills learned, impact measured, and thoughts on long-term solutions.

# Skills Learned

- Project management skills learning from the beginning to the finish.
- And skills
  - Hosting meetings
  - Promotion across social groups and clubs
  - Finding and coordinating speakers
  - Measuring results (218 cans, 60 lbs dry food, 13 participants)

# Project Impact

- 218 cans donated
- 60 lbs dry food collected
- 13 participants involved

# Key Reflections

- A meaningful project that built leadership skills
- and increased awareness of sustainable cat welfare solutions.
- However, food donation helps but is not the final solution.
  - Need for TNR
  - Responsible pet ownership
- Limited interest from cat owners in learning deeper knowledge.
